- Regulatory

Talat started her career with a **large pan-Indian law firm handling foreign direct investments, joint ventures, and related corporate commercial matters**. She assisted many a **multinational corporation in setting up shop in India including though joint ventures and acquisitions**.

Prior to co-founding Juris Corp, she moved into solo practice for a few years handling **intellectual property** rights mandates including handling contentious matters having shifted her focus from cross-border investments.

At Juris Corp she initially integrated global best practices and built quality assurance processes, in the then new aspects of **securitisation, structured finance, and derivatives while continuing to lead the intellectual property rights practice**. This resulted in Talat being in the unique position of **getting industry wide recognition for Banking & Finance and Intellectual Property Rights at the same time for 2 years in a row**. She has assisted clients in structuring and executing complex financing transactions, including with intellectual property rights as part of the collateral package.

Talat continues to support the **Financial Services and Regulatory practice groups**.

Known for her **soft skills and demeanour**, she is the go-to person in the Firm for **resolving issues**.

Talat has a **passion for design and continues to dabble in design elements across formats**.
